

Product: MTemp 1 pole

El.nr.: 5450341

Description

The MTemp shows the precise temperature on the digital display. The temperature is simple to adjust using the + and - buttons.

The display shows the actual temperature in the room which the thermostat or external sensor is located.

If + / - is pressed, the display switches to showing the set temperature and then returns to the actual temperature. Red LED indicates that heating is in progress.

Can be used with any floor sensor (see parameter menu).

Technical data

Physical dimensions: Conforms to RS16

Temp./Power: 5-40°C / 1-99%

Voltage: 230 VAC +10/-20%

Frost protection: At 5°C

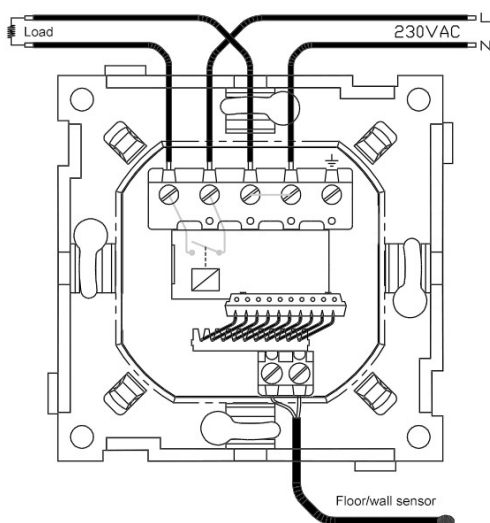

Max. load: 2,300VA 2P

Backup: Approx. 2 hours

Fuse: 16A

Mounting depth: 24 mm
