CTM LYNG

Product: Cooker guard mKomfy R-T 25A
El.nr.: 6251698

Description

The Mkomfy is a security product that monitors your hob/ cooker. It performs a dual security function: timer and monitoring for overheating. The Mkomfy has tamper protection.
The Mkomfy R-T is designed for panel installation and consists two modules: a cooker guard sensor (mounted on the wall over the cooker) and a relay installed on the panel/ distribution board.
They are communicating wireless and are uniquely paired from the factory.
