

Aqua  Xpress

## 3/4" Solenoid Valve

The Aqua Xpress Valve controls the water supply to the house.

The driver can control 2 valves for apartments without a water heater.

The valve is supplied open and remains in the position in which it has been set until it receives a pulse with the opposite polarity.

Cable and plug for valve driver included.

Aqua Xpress is a flexible product that can be expanded to accommodate different needs and security levels.
