External Moisture Sensor 1 m

The Aqua Xpress Moisture Sensor acts as an extension of the moisture sensor.

The Moisture Sensor provides spot detection where it is positioned. If moisture is detected, the valve will be closed.

The sensor is installed where moisture is expected, and can be joined.

Aqua Xpress is a flexible product that can be expanded to accommodate different needs and security levels.

INSTALLATION

The Moisture Sensor is simple to install using double-sided tape. Position where moisture can occur that you want to detect. Can be joined for several points.
