

**Aqua Xpress**

**FEATURES**

- ✓ Drives 1 or 2 valves simultaneously.
- ✓ Wireless communication with up to 16 units.
- ✓ Simple to install.

**COMPATIBLE WITH**

- ✓ Valve
- ✓ Moisture Sensor
- ✓ Motion Sensor, wireless
- ✓ Master On/Off, wireless
- ✓ Timer, wireless

**Valve Driver**

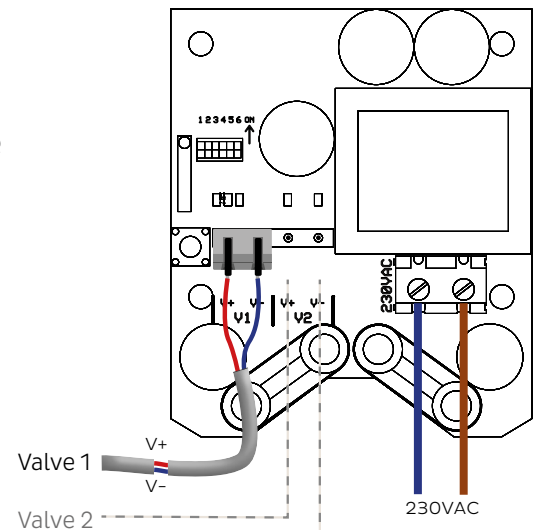

The Valve Driver can control 1 or 2 valves simultaneously and communicate wirelessly with up to 16 units, e.g. moisture sensors.

The Valve Driver has a 'jog function', which means that it opens and closes the valve every 48 hours to maintain the valve's mechanical mobility. This prevents the valve from sticking, which can happen over time.

Also available with a power adapter to avoid having to install an extra socket.

Aqua Xpress is a flexible product that can be expanded to accommodate different needs and security levels.

**WIRING DIAGRAM**

PART NO.	NAME
5648522 / 6254372	Valve Driver
5648523 / 6254371	Valve Driver with power adapter

TECHNICAL DATA			
Dimensions:	HxWxD 95 x 73 x 37 mm	Frequency:	868.100 MHz
Operating voltage:	230 VAC +10/-20%	Transmitter power:	+5 dBm
Load:	Max. 10 A / 2,300 W (power adapter)
